

## **19th / BROADWAY**

**PLANNING** BART staff is working with the City of Oakland as they plan for job growth and 10,000 new residents in downtown Oakland. The City has initiated a Downtown Transportation Study that is examining Oakland's future transit and parking needs, and the desire to convert one-way streets into two-way, pedestrian-friendly streets.

*Uptown Mixed-Use Project* : A mixed-use development is proposed on a 15-acre site in the Uptown District of the City of Oakland. The project includes approximately 2,000 residential units, 43,000 square feet of commercial space and 1,959 parking spaces. The City issued a Final Environmental Impact Report in January, 2004, and is expected to consider certification of the FEIR in Spring 2004.

**ACCESS IMPROVEMENTS** This station will have new, ADA-compliant platform edge tiles installed, pending the receipt of grant funds.

**REINVESTMENT** This station is scheduled to have new, energy efficient lighting fixtures and lamps installed inside the station in 2004, as part of ongoing station renovation program activities.
